SLOPE STABILITY STUDY
Silverton Community Pool

During the week of December 10, 2018, the City has hired a contractor to perform subsurface exploration for a slope stability study. Vegetation will be cleared near the Silverton Community Pool along the Silver Creek bank followed by borings with truck-mounted, track-mounted, or an ATV-mounted rotary drill rig(s).

Please direct any questions to Petra Schuetz, Public Works Director, pschuetz@silverton.or.us.
