### CITY OF SILVERTON RESOLUTION 21-09

## A RESOLUTION OF THE SILVERTON CITY COUNCIL UPDATING THE MASTER FEE SCHEDULE

WHEREAS, the City performs and offers certain services, the cost of which are most reasonably borne by the resident, as opposed to paying for said services from general City funds; and

WHEREAS, on March 2, 2020 City Council adopted Resolution No. 20-05 establishing a Master Fee Schedule to create transparency and increase efficiency in managing city services; and

WHEREAS, the City Council desires to adopt an updated Master Fee Schedule annually to reflect changes in fees and CPI adjustments.

# NOW, THEREFORE, BE IT RESOLVED BY THE CITY OF SILVERTON, AS FOLLOWS:

- Section 1: Resolution No. 20-05 is hereby repealed.
- <u>Section 2</u>: A Master Fee Schedule for all city departments is hereby established as Exhibit A.
- Section 3: The Utility Improvement Fees will be adjusted annually on July 1 according to the CPI approved by City Council on June 18, 2018.
- Section 4: Effective July 1, 2024, the water base charge, dwelling unit charge and the usage charge will adjust every July 1 according to the CPI approved by City Council on June 18, 2018.
- Section 5: Effective July 1, 2024, the sewer base charge, usage charge, flow rate, BOD rate and TSS rate will adjust every July 1 according to the CPI approved by City Council on June 18, 2018.
- Section 6: On June 7, 2021 City Council decided to place the System Development Charges annual adjustment on hold in order to determine if the City should adopt a different Construction Cost Index (CCI).
- <u>Section 7</u>: This resolution is and shall be effective on July 1, 2021 and will be updated annually.

Resolution adopted by the City Council of the City of Silverton, this 7<sup>th</sup> day of June, 2020.

Mayor, City of Silverton

### **Master Fee Schedule**

## **Building Division Fees**

The final determination of valuation, occupancy, and/or construction type under any of the provisions of this order shall be made by the Building Official.

### A. Building Permits

The valuation to be used in computing the building permit and building plan review fees shall be the total value (rounded up to the nearest dollar) of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and any other permanent equipment. It also includes the contractor's profit which should not be omitted.

The fees for each permit shall be as set forth in Tables A-1 and A-2. Valuation will be calculated using the City's valuation table, as required by the State of Oregon, multiplied by the square footage of the structure or as stated by the applicant, whichever is greater. The cost per square foot for pole building accessory to one and two family dwellings, carports, decks and covered porches/patios shall be 50% of the valuation indicated for "Private Garages: on the City's valuation table."

<b>Building Permit Fee Valuation Table (Table A-1)</b>

# Finance Department - Water Rates

Water charges are made up of three parts, the base charge, the dwelling unit charge, and the usage charge. The following charges are for all Residential, Commercial and Industrial users **inside** the city limits. Customers outside of the city limits are charged at 1.5 times the residential rates for both water and sewer. Effective July 1, 2024, the base charge, usage charge, flow rate, BOD rate and TSS rate will adjust every July 1 according to the CPI approved by City Council on June 18, 2018.

# Finance Department - Sewer Rates

Sewer charges are made up of two parts, the base charge and a usage charge. The base charge is a monthly flat fee and shall be the greater rate based on number of units or the meter equivalent. Effective July 1, 2024, the base charge, usage charge, flow rate, BOD rate and TSS rate will adjust every July 1 according to the CPI approved by City Council on June 18, 2018.

**Sewer Usage Charge** 

### **Master Fee Schedule**

Winter averaging for residential users who do not opt out of averaging shall be based on the user's average monthly water consumption using the billed usage for the previous months of November, December, January, February, March and April. In the case where water service has been turned off for not more than two months during the six month period, the four remaining months of usage shall be used for calculating the average. Residential sewer users not having a previous consumption for at least four of the months called for herein shall have their sewer consumption determined by administrative policy.

Users electing to opt out of winter averaging will have their sewer bill calculated based on actual water consumption each month. An election to opt out of winter averaging must be communicated in writing to the Finance Department before April 30 each year. After April 30 each year, a user's election cannot be changed and remains in effect for 12 months. An election to opt out of winter averaging is permanent and remains in effect until a user opts back into winter averaging prior to April 30 of any given year. An election to either opt in or out of winter averaging is effective in May following the election.

Residential users not having metered water service shall be billed based on a City wide average usage for residential customers. All rates for utility customers located outside the city limits will be billed at 1.5 times the rates listed below.

# System Development Charges (SDC's)

SDCs are one-time charges for new development – designed to recover the costs of infrastructure capacity needed to serve new development. Based on Oregon State Statute (ORS 223.304), the charges are broken down into three components: 1) reimbursement to recover existing facility capacity available for growth; 2) improvement to recover planned capacity improvements for growth; and 3) administration to recover direct costs.

All SDC fees will be adjusted annually on July 1 to account for changes in the costs acquiring and constructing facilities. The adjustment factor is based on the change in construction costs according to the Engineering News Record (ENR) Northwest (Seattle, Washington) Construction Cost Index (CCI). On June 7, 2021 City Council decided to place this increase on hold and adopt the 2020 rates.
